# Enlighten World

## Préface

Art brings hope and transformation to communities, it builds bridges connecting people, it provides healing and strengthens self-esteem.

As part of its engagement to promote art, Moissonnier in collaboration with Kreative Call presents **'Enlighten World'**, a curated art exhibition that gives people with determination such as autism, behavior disorder and social challenges a chance, to be socially and economically recognized as artists.

Kreative Call is a nonprofit platform that embarks a community of gifted artists with special needs and social challenges on an artistic journey to express their emotions and unveil their creativity. The colorful hummingbird identifying this NGO is embedded in its activities. Like the hummingbird, Kreative Call's mission aims to provide healing, spirituality, wisdom, endurance, positive energy and joy.

We are confident that the collaboration between Moissonnier and Kreative Call will significantly impact the lives of the artists whose work will be exhibited. The show will feature bright colored paintings picturing the world through the eyes of autistic children, as well as an immersion into the creative perspective of painters with behavior disorder and the incarnation of life through the paintings of socially challenged children .

'Enlighten World' wouldn't have been as 'Enlighten', without the hard work of Kreative Call and Moissonnier teams.

Proceeds of this exhibition will go to our challenged Artists as well as 'The Lebanese Autism Society', 'Zvartnotz Center' (behavior disorder) and SOS Children's villages -Lebanon (social challenged)
