# Beyond Barriers

## About the show

**"Beyond Barriers"** showcases forty five artworks of young Lebanese artists with autism, behaviour disorder and social challenges.

Through the outburst of vibrant colours, playful movements and symbolic imagery such as the blossom tree, the viewer is invited to step into a peaceful wonderland created by these talented artists to communicate vivid messages of hopes and dreams of a better place.

"Beyond Barriers" is a cathartic experience that alleviates the soul. It constitutes a reminder that art is a powerful medium and has the ability to transcend all kinds of barriers and connect people from different experiences and backgrounds.
