

Beyond Colors

JULY 27, 2023
Rebirth Beirut - Gemmayzeh

Preface

Step into a world where creativity knows no bounds. We are delighted to present “Beyond Colors,” the third art exhibition dedicated to showcasing the extraordinary talents of artists with special needs.

We have curated an enchanting collaborative collection that celebrates the unique perspectives and artistic expressions of visually impaired sculptors under the supervision and direction of Carole Ingea with the renowned artists Zeina Nader and Ouisam Melhem.

“Beyond Colors” is also a celebration of the limitless imagination and artistic abilities of individuals with Social Challenges, Behavior Disorder and Autism. Through their remarkable paintings, these artists transcend barriers and invite us to see the world through their world. Each brushstroke and every stroke of a pencil tell stories of resilience, passion, and a profound connection to the world around them. “Beyond Colors” is a testament to the power of art to communicate, inspire, and bring communities together.

This collaboration started when Optique & Vision, a dear supporter to our cause and a true believer in inclusivity and in the transformative power of art, wanted to celebrate its 75th anniversary while offering a platform to our gifted Artists to celebrate ‘Life’ beyond colors ...

Together, we aim to challenge preconceived notions and create an environment where all individuals can thrive while fostering a greater sense of inclusivity and promoting the importance of diversity within the community.

Kreative Call is the first social entrepreneurship platform in the MENA region that embarks on an artistic journey with a community of gifted Artists with Special Needs and Social Challenges, offering them a space to express their emotions and unveil their creativity while getting them a step closer to social and economic inclusion as humans and artists in society.

Join us as we celebrate the talent, creativity, and resilience of special needs artists. This exhibition promises to be a transformative experience that challenges perceptions and inspires a more inclusive and accepting society.
